## HEALTH BOARD ORGANIZE

PRESIDENT ELECTED AND COMMIT-TEES APPOINTED.

Is Dumping Snow on the Green a Nuisance Health Officers to Investigate-That Hospital for Contagious Diseases-Town Fathers' Brief Session.

Mayor Hendrick and ex-Mayor Sargent differ materially in their interpretation of the charter of New Haven, or at least portion of it relating to the presidency of the board of health. Ex-Mayor Sargent held that by the provisions of the charter the mayor of the city was president of the board of health, and consequently during his term in the mayoralty he officiated as president of that body. Mayor Hendrick, however, takes a different view of the matter and holds that the mayor is only ex-officio president of the board.

Agging under this interpretation the

president of the board.

Acting under this interpretation, the members of the board of health met yesterday and organized for the ensuing year by electing Dr. Fleischner presi dent of that body and Commissioner: Blake and McNell members of the aud iting committee. It was the first meet ing of the new board for the year and was presided over by Mayor Hendrick.

Professor Gustave Schwab and Z. B. Phelps, representing Xale university appeared before the board in relation to the dumping of snow on the upper end of the green. Professor Schwal said that he represented the faculty, while Mr. Phelps, a student, appeared in the interests of the students. The latter claimed that the practice of dumping the snow on the upper end of the green was a menace to the health of the students, and that nearly every case of sore throat, fever, diphthericand, in fact, the majority of all the sickness at the university was directly at tributed to this practice. He said fur-ther that this was the opinion held by

Drs. Bacon and Foster.
The members of the board explained that the board had no jurisdiction in the matter unless it should be proved that the dumping of the snow was a public nuisance, and in this case the board would take immediate action. The representatives from the college withdrew and the members of the board informally discussed the subject and the physicians present expressed the opin-ion that there was no more sickness comparatively at the upper end of the green than there was at the lower end, where there was no snow dumped.

After a brief discussion the board de-cided to instruct Health Officer Wright to look into the matter and report at the next meeting of the board as to whether or not the placing of snow on the green was a nulsance.

Commissioner Manning stated that

there were no rules in the board regulating the salaries to be paid to the clerk, health officer and plumbing in spector, and moved that a committee of three be appointed to secure the passage of an ordinance fixing the satarles of each of the officers named at a figure not less than \$1,200 each. The motion pravailed unanimously, but the commit-tee was not appointed.

Dr. Fleischner inquired whether in view of the fact of the introduction of anti-coxine and other recent discoveries in medical science a hospital for contaglous diseases was needed at the present time. The members of the board discussed the question at length, and finally decided that there was just as much need of such an institution now as at any time. In view of these circumstances Commissioners Fleischner, Townsend and Manning were appoint ed a committee to formulate plans, etc. for the securing of such an institution and report to a future meeting of the

SELECTMEN'S SHORT SESSION. The weekly meeting of the board of selectmen last evening was unusually brief, owing to the fact that the majority of the members were anxious to get away to the banquet of the Young

The World Sees You Are ageing if you are turning Gray; Wells Hafk Balsam gradually restores hair to origi-nal, natural color, black or brown. Nice dress-ing, tonic or invigorant. 50c., and \$1.00, Druggists.

### Another Verdict for Dr. Kennedy

A Philadelphian Cured of Gravel

(Philadelphia, Pa., Item.) Since the investigations of the claims mad for Dr. Kennedy's Favorite Remedy by the ress, they have received letters from every late in the Union, and find the remedy full

a row cases.

The opinion of the average physician has seen that kidney and urinary troubles could be cared only by long and persistent treatment. Dr. David Kennedy's rayorite Remedy attaquickly, curing obstinate cases in a very

One of our best known citizens, Mr. John Neill, of No. 2437 North Eighth street, was a

Men's Republican club. All the men pers of the board were present and Se ectman Stahl presided. Town Counse Goodhart was also present and explain d to the members what action he had aken in reference to the acts now pend ng before the general assembly which affect the town of New Haven, and was instructed to oppose the consolidation ct, the granting of any further privieges to the street railroad companies nless they first specify that the sam shall be approved by the selectmen, and also to oppose the diversion of the liense money from liquor licenses from the town to the state.

FINANCE COMMITTEE MEET. A Vote in Favor of Unrestricted Coinage of

Silver. Washington, Feb. 12.-What approaches to be very nearly free and unlimited coinage of silver was authorized by the senate committee on finance this morning by a vote of six to fivethe same vote by which the committee at its last meeting declined to permit the reporting of a bill to provide for an issue of bonds. This result was reached on a motion that was made when the committee adjourned at its last meet ing. This was the motion of Mr. Jones. dem, of Arkansas, to strike out all of his bill but the ninth section, for which Mr. Vest substituted the St. John proposition for the free and unimited coin age of silver. The motion of Mr. Jones prevailed, the section having been amended, however, to read as follows: That from and after the passage of

this act the secretary of the treasury is hereby authorized and directed to re-ceive at any United States mint, from any citizen of the United States, silver bullion of standard fineness and coin the same into silver dollars of 42114 grains each. The seignoirage on said bullion shall belong to the United States and shall be the difference between the coinage value thereof and the market price of the bullion in New York on the day the deposit is made, and all expen ditures for coinage done under the provisions of this act shall be paid out of said seigniorage; and the secretary of the treasury shall deliver to the deposi tors of such builton standard silver dollars equal in amount to the price thereof as aforesaid; and whenever the said coins herein provided for shall be received into the treasury certificates now provided by law.

Subsequently Mr. Jones reported the bill to the senate, the title having been changed so as to make it read; "A bill for the unrestricted coinage of

It will be seen that t' fixes the value of silver at the market price in New York instead of London as originally clause that provides that the certifi cates issued under authority of the sec tion shall be of denominations less than

The vote by which the bill was or dered to be reported was as follows: For the bill-Messrs. Voorhees, Harris, Jones of Arkansas, White and Vest, democrats, and Mr. Jones, republican of Nevada, Against the bill—Messrs. Sherman, Allison, Aldrich, Morrill, re-publicans, and McPherson, democrat. It is the intention of the republicans presumably Mr. Aldrich, to offer a sub-stitute to the house bill in the shape of a bill enlarging the powers of the president in the matter of imposing re taliatory or discriminating duties tha shall be far more rigid than anything now on the statute books. Under this bill the president will be empowered to increase duties by proclamation, or to prohibit entirely the importation of products from countries that retailate on this government or enact laws that conflict with the present tariff regula tions of this country, to the extent o endeavoring to set aside our tariff regulations by giving countervail in bounties to their own exporters. The introduction of this resolution as a substitute will open a new field of discussion and it is not likely that the committee will be able to dispose of the subject at one sitting.

The resolution which passed the house

February 9, extending the time for the returns of incomes for the year 1894 from March 1 to April 15, 1895, was also disposed of at the meeting to-day. Mr. Hill was before the committee and urged some amendments to the resolu-tion that would eliminate the alleged inquisitorial character of some of the questions contained in the forms sent out by the treasury department. He also asked, and in this he was enlorsed by some of the members of the committee, that certain changes be made in the text of the income tax law, relieving it of part of its cumbersomeness. A number of amendments were suggested, some of them relating to a vast amount of alleged unnecessary clerical work that had been imposed upon railroads and other corporations, that did not in any way affect the bill. All these matters were left to a sub-committee, consisting of Messrs. Vest and Allison, who were instructed to make such amendments as they saw fit and report the resolu

Mesers. Vest and Allison subsequently eported the income tax joint resolu tion to the senate with the following addition:

Be it further resolved, that in com puting incomes under said act the amounts necessarily paid for fire insurance premiums and for ordinary re pairs upon any real estate shall be deducted from the rents accrued or received from such real estate.

And also resolved that in computing

comes under said act the amounts re ceived as dividends upon the stock of any corporation, company or associa-tion, shall not be included in case such dividends are also liable to the of 2 per cent, upon the net profits of said corporation, company or associa-tion, although such tax may not have been actually paid by said corporation company or association at the time of

making returns by the persons, con poration or association receiving suc Be it further resolved that no taxpayer shall be required in his, her or its annual return under said act to answer any interrogatories except as

specifically provided in said act.

GOLD COMING. Big Shipments to be Made by the Banking House of August Belmont & Co. New York, Feb. 12.-Messrs, August

Belmont & Co. announced to-day that they will receive £258,000 gold by the Majestic, leaving Liverpool to-day, and £742,000 by the steamship sailing on Saturday. The gold is imported under the arrangement by which the Morgan-Belgold to the United States government.

# EPPS'S COCOA.

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctors? bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point, We may escape manya fatal shatt by keeping ourselves well fortified with pure blood and a properly nourished frame. "Util Service Gazette.

Made simply with boiling water or milk. Sold only in half-pound tins, by grocers, inbelled thus:
